

## DECOUPAGE A TOTE BAG

NOVEMBER 29, 2022 (THURSDAY)

ARTS & CRAFTS ROOM - 2:00 - 4:00

Since the Governor of New Jersey has banned stores from distributing plastic bags to their customers, we are now offering a class to transform canvas bags. Even with advertising printed on the bag, by using pretty napkins, paint, and glue, you can make a lovely bag that you would be proud to display and use.

For this class, you will receive a new canvas tote bag, choice of napkins, glue, misc. supplies, and instruction. If you would like to use your own bag (with advertising printed on it), please call me to discuss an extra step, which must be completed before, we meet. Please write check to: CWHOAAF for \$8.00, time stamp and put into mailbox #9. Questions: Betty @732-560-8387
